

DISTINCTIVE FEATURES

Every institution has its distinctive features which makes it different from other institutions. Our institution is no different. The institutional distinctiveness of our institution lies in the fact that our college was established with the vision of providing holistic education to all sections of society. As such, the institution focus on providing an all-round personality development system of education.

- The institution, therefore, stresses not only the provision of academic education but also the spiritual, physical and mental development of the students. Accordingly, mentoring and different extra-curricular activities have been introduced into the constitution.
 - Mentoring especially is helpful in identifying the different qualities as well as areas of shortcomings of the students.
 - This gives an opportunity to the teachers to provide the guidance that is required per the need of the students.
 - Various social services activities like blood donation, provision of aids to the needy etc are also carried out by the institution.
 - These services inculcate in the students a sense of social responsibility.
- In order to provide a platform for the students to develop leadership qualities, the students' council is set up.
- Seminars and talks are also organized by the institution in order to make the students aware of the different issues that are confronting society at large.
- For spiritual development, morning assemblies and EU services are conducted under the leadership of the college chaplain.
- Besides, different types of competition like painting, debate, essay writing, quiz etc are organized by the institution to impart to the students a spirit of positive competition, as well as to bring to light the different gifts and talents that the students possess.
- Awards in the form of certificates and cash prizes are given which acts as a motivational factor for the students to excel themselves.
- Free education is also provided to potential students to encourage them to excel in the field of academics.
- Students are also sent to participate in different activities outside the college as college representatives. This helps in gaining experience as well as building confidence in the students.
- To empower the students IT and Skill development have been introduced in the institution.
- The college also works in collaboration with organizations like YouthNet. Such collaboration trains the students in different skills to make them economically self-reliant in the future.
- Exposure trips, study tours, visit industries and factories etc are organized by the institution to gather first-hand knowledge and information.
- For physical development, students are encouraged to participate in different kinds of sports.
- Health Kiosk is also maintained by the institution to look into the physical well-being of the students as well as the staff and faculty of the institution.
- The institution also encourages the students to participate in the protection and preservation of the environment by making them participate in different projects.
- All in all the institution is committed to working towards making the students be contributing and responsible members of society.
